

THIRTY-NINTH YEAR

STATE FINANCE CORPORATION TO BE FORMED

RAILROAD RATE
PLEA REFUSED;
TO BE APPEALEDCommission in Third Action in
Case Turns Down Intra-
state Increase

FOLLOWS LONG FIGHT

Commission Grants 12 1-2 Per
Cent Express Rate
Boost

Railroads operating in North Dakota are expected to ask the Interstate Commerce commission to increase intrastate freight and passenger rates to a par with interstate rates, following the action of the state railroad commission here late yesterday in denying the increases asked. It was announced by B. F. Scandrett, assistant general solicitor of the Northern Pacific at the start of the public hearing here, that such action would be taken if the increase was denied. Similar applications from several states were denied are pending in the Interstate Commerce commission.

At the same time the railroad commission announced it had granted an increase of 12 1/2 per cent on express rates within the state, excepting on milk and cream, and stated this was the increase granted by the Interstate Commerce commission. The express company had asked for an increase of 25.5 per cent.

The denial of the railroad rate increases asked for by the same board which twice before ordered them, marks another step in the railroad rate fight which has been carried on since last August.

After a hearing held last August the commission granted the 35 per cent increase on freight rates, 20 per cent increase on passenger rate, but denied the 50 per cent surcharge asked for on Pullman rates.

The supreme court enjoined in the increases on the ground that the board had not conducted its meeting at which the increase order was adopted in accordance with the statutes.

The board, which is composed of C. F. Dupuis, Sam Lundahl and Frank Milhollan, again adopted the increases, Milhollan dissenting.

The supreme court again halted the action. A new hearing was ordered. This hearing was started last week and was concluded yesterday afternoon.

Then the same board which twice voted for the increase denied it.

To Test Law

The next step is expected to be an action by the railroad in which the extent of the power of the Interstate Commerce commission over intrastate rates in carrying out the provisions of the Esch-Cummins act.

At the hearing yesterday afternoon William Lemke, attorney-general, asked that a reply be received from the railroads on Lemke's demand for information, but it was claimed the railroads had evaded order to submit information regarding the railroads' holdings in subsidiary coal and lumber companies.

After the conclusion of the hearing, the commissioners held an executive session and at 5 p. m. announced they had denied the increase.

Motion of Denial

The increase was denied on the following motions:

Mr. Dupuis: Mr. Chairman, I move that the board of railroad commissioners deny the carriers' application for a 20 per cent increase on the passenger rates, excess baggage and other classes that come under the 20 per cent increase, and also deny the 35 per cent horizontal increase in freight rates, also deny the surcharge on Pullman rates, and also the milk and cream rates, based on the following reason: That constraining the legislative acts which the carriers are at the present time operating under to a greater or less extent it is questionable as to the commission's jurisdiction over said rates.

Mr. Milhollan: I will suggest an amendment that the following be added: For the further reason that the rates applied for are unjust and unreasonable and would work irreparable damage upon the shippers and producers of North Dakota by reason of the fact that it was conclusively shown at the hearing that the railroads are now earning more than six per cent on the investment.

Dupuis accepted the amendment and a vote was taken.

A statement of the operating expenses of Northern Pacific for the month of October over the month of September, was given by Mr. Lemke. He said there was a decrease of \$182,000 in the pay-roll alone. It is said by commission attaches that a decrease in the pay-roll of railroads was noted when they emerged from the government guarantee period.

"A surplus of employees accumulated during the period of federal control was disposed of," said one commission representative.

Beyond Lemke's Request

In denying the railroad increases the commission went even farther than Mr. Lemke contended for. He had stated that no objection could be offered to an increase of 35 per cent based on the maximum freight law of the state, which, he said, would put North Dakota rates about on a par with Minnesota rates. Railroad commissioners say that the present rates are about 25 or 30 per cent above the state maximum freight rates as prescribed by law.

O. S. U.'s "STADIUM GIRL"

Columbus, O., Dec. 15.—Selected by popular vote of students of Ohio State university as "The Stadium Girl," Miss Eloise Fromme, Urbana, O., has been the central figure in all activities connected with the drive for a \$1,000,000 fund with which to build a mammoth athletic stadium at Ohio State. The drive is now nearing a successful conclusion.

Miss Fromme, who is a senior at

the university, headed student parades and occupied places of honor at various functions staged in connection with the stadium movement.

"The Stadium Girl" is one of the most popular on the university campus. She is a member of these university organizations: Mortar Board, Women's Glee club, Y. W. C. A., Magi-Mirror, Strollers, Pan-Hellenic Council and Delta Delta Sorority.

SEEK TO CLEAR
UP DEFICIT OF
FALL ELECTION

Final Call Issued to the Independent Voters of the State
by Committee

The Joint Campaign committee, seeking to clear up the deficit incurred during the recent campaign, has asked independent voters of the state to contribute to the fund.

The following announcement is made:

"To The Independent Voters of North Dakota—

The Joint Campaign committee needs only \$350,000 more to clean up all of its legitimate expenses that have been incurred with the knowledge and consent of the Joint Campaign committee. There are more than twice that many independent voters who can afford to contribute \$100 and who have not yet done so. We have, therefore, concluded to ask the public press, to give publicity to this appeal from us to the independent voters to make an effort to get enough money into the hands of the Joint Campaign committee to clean up the entire campaign deficit. If you have not sent in your own dollar will you kindly do so at once? If you have sent it, will you not take it upon yourself to find five men or women who have not yet sent their dollar and you send the \$5 so collected to Mr. J. S. Lewis. Do it at once, not tomorrow or next week, and everybody will feel better for Christmas. If more money should come in than is needed, it will be used to help to keep the work going until after the legislature adjourns.

THE JOINT CAMPAIGN COMMITTEE

THEO. G. NELSON,

Secretary Independent Voters' Association.

B. F. SPALDING,

Chairman Republican Central Committee.

SVENBJORN JOHNSON,

Chairman Democratic Central Committee.

P. S. The original deficit which was at first estimated at \$13,000 developed into more than \$15,000, and the fact that it is now nearly wiped out shows that there is a splendid feeling among the independent voters of the state.

Alberta Coal Mines

Have Large Output

Edmonton, Alta., Dec. 15.—Approximately six and three quarter million tons of domestic bituminous and anthracite coal will be mined this year from the coal fields of Alberta. This amount is half a million tons greater than the output of 1919, and has previously held the record for the Alberta fields.

Inspector Richards of the mine branch of the provincial government announced this estimate is based on the heavy production in the first nine months of the year will measure up to that of previous years. The total output in the Alberta fields from January 1 to October 31 amounted to 5,400,000 tons, a record for that period.

Because of a good market for the production of Alberta coal, and the assumption that the figures for the remainder of the year will measure up to that of previous years, the total output in the Alberta fields from January 1 to October 31 amounted to 5,400,000 tons, a record for that period.

Because of a good market for the production of Alberta coal, and the assumption that the figures for the remainder of the year will measure up to that of previous years, the total output in the Alberta fields from January 1 to October 31 amounted to 5,400,000 tons, a record for that period.

CLAIMS HE WAS
FORCED OUT BY
FOREIGN BOARD

Former Head of United States
Shipping Board Gives
Testimony

HINTS AT DISCLOSURES

Says With Consent of President
Wilson He Could Tell
Story

Washington, Dec. 15.—Members of the British mission which visited the United States in 1917 attempted to influence the policies of the shipping board, William Denman, first chairman of the board, testified today before the special house committee.

Mr. Denman indicated that his insistence that the shipping board be free from British influence has more to do with his resignation as chairman of the board than any other one thing.

In this connection, the witness said that if he could obtain the permission of President Wilson for the disclosure of "certain phases" of shipping board negotiations "one of the sources of interference with my administration as head of the board may be disclosed."

IN SUPPORT OF CHARGE

To support his charge of attempts of the British mission to influence the policies of the board, Mr. Denman said that in April 1917, when he was attempting to organize an administrative board in New York to function with the shipping board "on a purely American basis," he discovered that without his knowledge Sir Connop Guthrie, a member of the British mission in this country, was made a member of the advisory body.

"I don't know how he got on the board. It all happened between noon and half past three o'clock one afternoon—but I can tell you how he got off," Mr. Denman declared.

GRAIN EXHIBIT
TO BE FEATURE
OF WINTER SHOW

One big feature of the Missouri Slope Industry Association show this winter will be the annual grain exhibition. The catalogue is just off the press and contains a long list of attractive and liberal prizes for displays of all sorts of corn and grain. The corn in this part of the state was very good and since corn is gaining more and more in importance, the show this winter ought to be the best that it has ever been. Every farmer who believes in raising corn should plan to have an exhibit. The premium list and catalogue may be had for the asking by writing to either the county agent or Frank Milhollan, Secretary of the Association. The date set for this show is January 5th, 6th and 7th, 1921, and will be held in the Deere and Weber new building on Main and Second street.

SERVICE MEN'S
BONUS ATTITUDE
UP FOR DEBATE

Senator McCumber Says 98 Per
Cent Would Claim a Cash
Bonus

Washington, Dec. 15.—The payment of a bonus to reserve service men was brought prominently to the front today at the opening hearing by the senate finance committee on the house bill to adjust compensation of the former soldiers and sailors.

Spokesmen for the American Legion estimated that not more than 50 per cent of the men would ask for a cash payment but Senator Smoot declared that post cards he had received from individuals in all parts of the country indicated that 98 per cent of the men would ask for cash.

Senator McCumber, North Dakota, said that the cards of which Senator McCumber produced a batch stack appeared to represent actual views of war veterans. Certificates payable in 20 years vocational training and farm home aid or among other forms of compensation proposed.

Honor Memory of
R. L. Stevenson

Edinburgh, Dec. 15.—Robert Lewis Stevenson's memory was honored in his birthplace by the first commemorative dinner of the R. L. Stevenson Club held today in this city.

Dr. Edmund Gosse, to whom Stevenson's latest letter, an unfinished one, from Vallonia was addressed, said that he did not believe Stevenson had 20 real friends; yet he was the incarnation of friendship, one of the truest souls and one of the most beloved of nature.

CHRISTMAS SPIRIT OF GIVING
ALREADY IN EVIDENCE IN CITY

There'll be plenty of chance for local people to enjoy the Christmas spirit of giving.

The preliminary survey of the city by the Salvation Army, however, indicates that the task of providing a bit of Christmas cheer for everyone is not large. There are about 45 local families on the list of the Salvation Army now. This list may be increased to about 60.

Though Capt. Huffman, of the Salvation Army, has made no direct appeal to the people of the city, he has laid the situation before the people so that they may respond if they desire. And the response thus far has been large.

More than \$100 has been given to the Army's Christmas fund, including \$35 received in the kettle which was at the corner of Main and Fourth streets last Saturday. The total expense is estimated at about \$500.

The plans of the army call for a Christmas celebration on Thursday night, Dec. 23, in the city on West Main street. The Salvation Army Sunday School will give a program and gifts of toys, candies and useful articles will be distributed. There will be a large Christmas tree.

One man voluntarily asked to be permitted to furnish all the milk that will go in the Christmas baskets of the city on Friday, Dec. 24.

Plans for a Christmas community celebration are being worked out by the special committee of the Town Clerks club, and church and other organizations are busily engaged in making plans.

IRISH MAKE AN
APPEAL FOR AID

London, Dec. 15.—Lord Mayor O'Connell, of Cork, has sent a cable message to the Irish Americans of the United States asking them to organize a relief fund for Ireland, says a Cork dispatch today.

The Lord Mayor has appealed to the American Red Cross to send a contingent to Cork speedily, the dispatch adds.

JUDGE YOUNG IS
NAMED HEAD OF
RELIEF COUNCIL

Campaign for Funds to Relieve
Millions in Europe Goes
Ahead Rapidly

TO PREPARE THE WAY

Judge N. C. Young, Fargo, who has been appointed North Dakota state chairman for the European Relief Council's \$33,000,000 campaign is rapidly completing the state organization that will participate in the nation's great humanitarian effort to save the 3,500,000 underfed children of central and eastern Europe from starvation.

The North Dakota organization through its leaders and committee under Mr. Young will take charge of bringing before the citizens of the state the vital work which is being carried on by the Council of which Herbert Hoover is chairman.

This work consists of keeping the millions of undernourished children of Poland, Czechoslovakia, Austria and Germany alive through the famine that has descended upon that section of Europe. According to reports pouring in from the relief workers in Europe and from other and interested agencies, hunger threatens to wipe out an entire European generation during the coming eight months unless immediate relief is given.

This relief is being given by the Hoover organization today which maintains food kitchens in all the large central and eastern European cities. Millions of children are dependent upon the soup and fats bounty of the Hoover kitchens for their very lives. This is particularly true in Poland and Vienna where the situation has become so drastic that the mortality rate is far ahead of the birth rate today.

America's part in preventing the slaughter of the European innocents through hunger and preventable diseases is entirely dependent upon the response its citizens make to the appeal issued by Mr. Hoover. The sum of \$33,000,000 has been fixed as the amount necessary to carry on the work of the food kitchens and children relief until the next crops are harvested in the stricken sections of Europe.

The North Dakota organization will prepare the way for the state's contribution toward the campaign. This contribution will be the result of collections carried on in the churches, theaters and all public places and through newspapers, civic organizations, women's and men's clubs and societies. The appeal issued for the relief of Europe's starving children has the backing of eight of the largest charitable organizations in the United States, which have united with the European Relief Council for this emergency. They are the American Relief administration, the American Red Cross, the American Friends service committee, the Federal Council of the Churches of Christ in America, the Jewish Joint Distribution Committee, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

ELECTORS MEET
HERE IN JANUARY

Presidential electors in North Dakota, chosen at the recent election, will meet here on the second Monday in January to formally cast their ballots and to designate one member to carry it to Washington. The Republican electors chosen are P. M. Dale, E. L. Garden, L. F. Heaton, R. Trubshaw and Edward Hoverson.

STRIKE IN MEXICO

Mexico City, Dec. 15.—The Telegraph and Station agents on the National Railways have ordered an immediate strike which is feared will paralyze traffic.

FIRE THREATENS
MILLION LOSS

St. Louis, Dec. 15.—Fire broke out in the plant of the Helmholtz-Purge and Rolling Mill company at Madison, Mo., near here today and threatened a million loss, it was said, is expected to exceed \$1,000,000.

CLEARING HOUSE
FOR SECURITIES
IS STATE PLAN

New Organization with \$1,000,000 Capital May Become Permanent

TO EMPLOY EXPERT HEAD

New Plan Under Bankers Association to Handle Loans on a Big Scale

(Special to the Tribune)

Fargo, N. D.—Organization of North Dakota finance corporation, with capital of a million dollars for purpose of marketing North Dakota securities was decided upon at meeting in Fargo yesterday of finance committee of North Dakota Bankers association.

The co-operation will be launched as result of the decision of bankers to pool their resources in such manner as to bring additional money into North Dakota. According to the plan that is outlined, every member bank of the North Dakota Bankers association will be invited to take stock.

The capital stock being apportioned on basis of the capital surplus and general condition of the bank to which it is offered. The minimum that may be taken is five hundred and the maximum \$5,000.

The details of corporation plan will be worked out by a special committee consisting of George Hollister, of Fargo; Ed Pierce, of Sheldon; E. J. Weiser, of Fargo; J. J. Niering, of Jamestown; P. W. Chabro, of Bismarck; H. P. Beckwith, of Fargo, and W. C. McFadden, of Fargo.

Bond Men at Head

The corporation will be operated in connection with the North Dakota Bankers association, and will be placed in the hands of the most expert bond men the organization can obtain. The corporation will negotiate warrants and mortgages and issue debentures against them. It is the belief of sponsors of the corporation that it will become a permanent part of the financial structure of North Dakota.

Not Competitive

"The corporation will not be competitive with other banks, but will be operated in such a manner as to bring good returns and the better handling of the state paper for all concerned," said Mr. McFadden today, in announcing organization plan.

"There is need for just such a corporation as this. Our canvass of the state has shown that there is about \$5,000,000 in warrants of various kinds in the banks, and about \$9,000,000 in farm mortgages. To a central organization such as this corporation will apply, it would be much easier to market this kind of paper than it has been heretofore."

CATHOIC WILL HEAD
SPECIAL COMMITTEE

F. W. Cathoic, director-general of the Bank of North Dakota, was named chairman of the special committee named by the bankers' conference here to work out details of the plan agreed upon by the bankers at the meeting held here this morning at the Bank of North Dakota. The chairman will appoint the vice-chairman and secretary.

Mr. Cathoic, speaking for the committee, said that the organization was completed but that the committee was not ready to announce any details of the proposed means of carrying out the plan agreed upon. The committee was to be in session again this afternoon.

MEX. SECRETARY
OF WAR IS DEAD

Mexico City, Dec. 15.—General Benjamin Hill, the secretary of war, died early this morning. He had been critically ill for several days.

Bolshevik Currency
Backed by Opium

Peking, Dec. 15.—Bolshevik currency secured by stocks of opium in Semirechensk, one of the provinces in Russian Turkestan, has made its appearance in Peking. The opium was seized by Bolshevik authorities from those of the old imperial government and amounted to some thousands of pounds.

WEATHER REPORT

For twenty-four hours ending at noon, Wednesday, December 15.

Temperature at 7 a. m. 21

Highest yesterday 24

Lowest yesterday 20

Lowest last night 22

Precipitation Trace

Highest wind velocity 36-SW

Forecast

For North Dakota: Fair tonight and Thursday; somewhat warmer Thursday.

BROUGHT TO BISMARCK

C. E. Hilsley, claiming to be a newspaper man from Fargo, N. D., was brought to Bismarck today by a deputy sheriff to answer a charge of writing worthless checks. He was arrested at Moorhead. He is also wanted at St. Paul and in Clark County for alleged passing of worthless checks and in Thompson Falls, Idaho, for alleged embezzlement.

PRO-FARMER LEGISLATION IN MOTION

Senate Passes Urgent Farm-
ers' Relief Measure

EXTENSION OF CREDITS

Upon Security of Farm Pro-
ducts Provided for

Washington, Dec. 14.—The senate late yesterday passed the agriculture committee resolution directing revival of the war finance corporation as a measure of affording relief to farmers.

The second section of the resolution, which as introduced would have directed extension of liberal credits to farmers by the federal reserve system, was amended to make the desirability of such a course only an expression of opinion of the congress.

The amendment making the change in the section of the resolution relating to the federal reserve system was proposed by Senator Norris, Republican, Nebraska, and was accepted 47 to 16.

Another change made in the resolution broadened the duties of the finance corporation to include the financing of exportation of products other than those produced on the farm. Amendments to make the rate of discount on loans to farmers five per cent, and to make cotton factories paper eligible for discount were rejected. A substitute for the resolution presented by Senator Spencer, Republican, Missouri, met a similar fate.

Final action on the resolution was without a record vote. The measure now goes to the house where a number of similar farmer relief measures are pending.

The selection of the resolution directing revival of the war finance corporation, as adopted, reads:

"The secretary of the treasury and members of the war finance corporation are hereby directed to revive the activities of the war finance corporation, and that said corporation be at once rehabilitated with the view of assisting in the financing of the exportation of agricultural and other products to foreign markets."

The resolution refers to the extension of credits as follows:

"It is the opinion of congress that the federal reserve bank should take such action as may be necessary to permit member banks of the federal reserve system to grant liberal extensions of credit to the farmer upon the security of agricultural products now held by them, by permitting the rediscounting of such notes of extension at a fair and reasonable rate of interest."

The senate agriculture committee today continued its hearings with a view to framing other measures looking to the relief of the farmers from conditions resulting from falling prices.

"QUEEN OF BATIK" AT CHICAGO BALL

VIOLET
HEMING

CHICAGO, Ill., Dec. 14.—Miss Violet Heming, beautiful actress, as "Queen of Batik" made one of the loveliest pictures in the Batik Ball held recently in Chicago. The ball, held at the Congress hotel, was given by the National Art Service league, and was considered a social event of importance.

MOTHER OF TWENTY-SIX

Woman is Comparatively Young, Says Health Inspector.

Abundia Rivera, forty-two years old, mother of 26 children, only one of whom is living, was revealed at Los Angeles as one of the most unfortunate mothers in the history of the county.

According to the report filed by Dr. Margaret Barr of the Los Angeles county health department, 25 of this mother's children have died before they reached the age of one year. The last child is several years old and is said to be healthy.

Discovery of the remarkable case was made by Dr. Barr in her work in the interest of better babies, which is being directed by Dr. J. L. Pomeroy, head of the department.

Mrs. Rivera was found living near San Gabriel with her third husband, who is only twenty-two years old.

Prayer Reward of Boy Finding Sum

Two dollars and a prayer were the rewards granted Edward E. Landis, a 12-year-old boy of York, Pa., when he returned a wallet containing securities and cash to the value of \$18,000 to the owner, a woman.

Soon Tired of Life.

A Lawrence (Kan.) young man, who saved the life of a fireman, applied for a position at the department and was told to report for duty at seven o'clock Thursday morning. Shortly after seven a practice drill was staged with all the thrills of a real alarm, with the new recruit an interested spectator. After the drill the chief brought in an application for insurance for the new fireman and asked him who should be notified in case he was the victim of an accident. The recruit said there would be no accidents so far as he was concerned, and thereupon tendered his resignation, having been a fireman for a period of 40 minutes.

Riches of the Indian Tribes.

In connection with the practical re-education industries maintained by the government there are conducted twelve demonstration and three experimental farms and nearly 400 farmers, stockmen and assistants are employed and live near Indian communities, for giving instruction and counsel. Under authority of the law the service handles large sums annually in loans to Indians as initial capital for beginning their self-support and looks after the later liquidation of these loans. The value of all individual and tribal property, if recent mineral returns are included, is approximately \$1,000,000,000.

Free Port for Helsingfors!

Helsingfors, Finland.—The city of Helsingfors, which already has three harbors, plans to construct one more, to be a free port, at an expense of about forty million marks. As soon as conditions again become normal the free port will be enlarged at a cost of several hundred million marks, to take care of the lumber exports and imports.

BANKS CLOSE

St. Paul, Dec. 14.—The State bank of Greenbush, in Rouseau county, closed its doors Friday. The capital is \$10,000 and the surplus \$8,000. Olaf Hoidal of Rouseau is president, and A. E. Hoidal of Greenbush, cashier. Deposits are \$181,000.

PHOENIX, ARIZ.

Phoenix, Ariz., Dec. 14.—The Glendale State bank at Glendale was closed Saturday. Jesse L. Boyce, supervisor of state banks, said the closing probably would be only temporary. He added that partial examination of the bank's books had shown them to be satisfactory.

Cyclone Tosses Boy Into Tree Branches

Santa Clara, Cal.—A high wind that passed through Santa Clara tossed J. Bingwall, a 13-year-old boy, into a tree, knocked over George Campa and a horse he was hitching, uprooted fruit trees, demolished several private garages and caused considerable minor damage.

It was said by local residents to have been the first wind of its kind since 1868.

Glass skylights from an establishment belonging to walnut growers were blown into the street and smashed, and lumber from lumber yards was scattered several hundred yards.

One private garage was reported to have been carried forty feet and an automobile moved from the side of the street to the center of the roadway.

NEED NOT PROMISE TO OBEY

Congregational Church in England Leaves Fateful Word Out of Marriage Service.

London.—Congregationalist brides no longer need promise in the marriage service to obey their husbands.

A committee of the Congregational union of England and Wales, appointed to draw up a new form of service, has decided that modern ideas favor the omission of the word "obey," and this notwithstanding the fact that no woman sat on the committee; neither were any requests received from women to omit the fateful word.

"All the churches are becoming less strict in their insistence on the wording of the marriage service," said the secretary of the Women's Freedom league. "Even in Anglican churches the word 'obey' is sometimes omitted at the bride's desire, and a great number of leading nonconformist ministers have lately made a practice of cutting out the word to obey."

GUARDS POST MAIL IN ERIN

Truck Filled With Soldiers and Police Carries Government Bags to Post Office.

Cork.—A state of excitement which is difficult for Americans and Englishmen to appreciate unless experienced prevails in Cork and throughout Ireland.

The following can be given as an illustration: As the Associated Press correspondent was passing the general post office a motor truck filled with soldiers and police, with rifles ready, dashed in the main entrance. Several of them descended and entered the post office, one policeman, holding a pistol, putting himself in the doorway.

This was nothing more than the posting of military mail, the elaborate precautions taken being due to a daring exploit recently, when the government mail bag was snatched from a soldier as he was leaving the post office. The bag was not recovered.

DEATH RECALLS OLD CURSE

Sudden Demise of Michael P. Grace Brings Back the Legend of Battle Abbey.

London.—The sudden death of Michael P. Grace, father of the countess of Donoughmore, recalls a legend connected with Battle Abbey, which he rented from Sir Augustus Webster.

The great establishment was seized by Henry VIII, and it is said that the last abbot pronounced a curse that the owners of it should meet death by drowning. It is stated that Lord Montague, who owned the property in the eighteenth century, was drowned, and a similar fate befell his two nephews. Lady Webster, wife of the present owner, was drowned three years ago and a short time later the eldest daughter of the tenant then occupying the abbey lost her life in a similar way.

WHERE BRIDE'S KIN LINGER

Returning Missionary Warns Young Men Against Going to South America to Wed.

Tacoma, Wash.—Warning to young men not to go to South America to marry was given recently by Mrs. Charles Robinson, Tacoma, who recently arrived here after serving several years as an educational missionary in Bolivia.

"In the typical high-class Bolivian home of forty rooms the young bride often receives her relatives for visits of five or six years' duration," she said.

A Veteran Leading a Novice.

Milton, Ky.—George Williamson, aged ninety-six, reckons he has voted 75 times during the last seventy-five years. This election will be the eighteenth in which he has voted for a president. The experience, however, will be brand new to Mrs. Lucinda Williamson, aged seventy-six, his wife, who is casting her first vote.

Back From "No Man's Land."

Richmond, Ky.—Franklin Webster of Owen county suddenly appeared here to enter school. He was thought to be buried in France, having been officially reported dead, after battle in "no man's land." Instead he was only wounded and has spent two years in hospitals trying to get well.

LOOKS MARRED; SUES HOSTESS

LILLIAN B. HERBERT

NEW YORK.—Alleging that her beauty was marred in an auto accident, Miss Lillian B. Herbert is suing Mrs. Blanche Frisch, in whose machine she was riding, and the Empire Carling company for \$25,000. The Frisch car crashed into an Empire truck.

Last Night's Dreams —What They Mean

DREAM CITIES.

IT IS not an uncommon experience to find ourselves in a dream city. Perhaps it is one which we recognize though it may be changed by the dream phantasmagoria; familiar buildings may take on a strange aspect, or strange city buildings appear in unexpected places. Sometimes we recognize it as a city we have always wanted to see and never have seen; and sometimes it appears to be one of which we never have even heard. Not infrequently a name for the place is suggested in our dream—a name which we are sure is new to us. It is a cheap way to travel and, the mystics say, not a bad one. For, while to visit cities in the waking life is an expensive operation, to travel to the cities of dreams is accounted a most favorable omen and means riches ahead. Unless indeed the city be on fire; then take care of your finances or poverty will overtake you.

It is generally agreed that if your city of dreams is a strange one to you, and you are lost in it, you will shortly change your residence with, as a rule, favorable results to your business.

All scientists do not agree with Freud that every dream is the fulfillment of a wish, but it is easy enough to fit this dream into its category. An analysis of our dream will generally enable us to discover the origin of the strange name propounded by our dream—consciousness for the strange city in which we may find ourselves.

Thus Freud dreams of being at a strange place called Fleisa and one further on named Heersing. Fleisa was the name of a friend. Heersing was put together from the names of places near Vienna which so often end in "ing" and the English word "hearsay." He had been reading a poem about a stammering dwarf named "Saidie Hearsing." By connecting the final syllable of Heersing with Fleisa was obtained Vilsingen—the German V pronounced like F—the German name for the port of Flushing through which his brother passed in coming from England to visit him.

Mother's Cook Book

Some one has said that "true hospitality consists in having what you were going to have anyway, and not changing the cloth unless you were going to anyway."

Good Things for the Family.

Soften one cake of compressed yeast in one-fourth of a cup of lukewarm water, add one cupful of scalded and cooled milk and one and one-half cupfuls of flour; beat until smooth. Cover and set out of draughts to become light. Add one-fourth of a cupful each of melted shortening and sugar, two egg yolks beaten light, one teaspoonful of salt, the grated rind of a lemon and flour for a dough—about three cupfuls. Knead until smooth and elastic. Cover and set aside to become double in bulk. Turn upside down on the molding board, roll into a rectangular sheet, brush with melted butter, dredge with sugar and cinnamon mixed, sprinkle with half a cupful of currants, and roll as a jelly roll. Cut into pieces an inch long. Cream one-fourth of a cup of shortening, beat in one-fourth of a cup of brown sugar and spread mixture on the inside of a cast iron frying pan; lay in the buns and when doubled in bulk bake one-half hour. The sugar and butter should glaze the bottom of the buns. Serve turned upside down, glazed side up.

Choice Popovers.

Break three eggs into a bowl, add half a teaspoonful of salt, and one cupful each of milk and flour. Beat until smooth with a Dover egg beater. Have ready a hot iron muffin pan, butter well, fill the cups two-thirds full. Set in a hot oven and bake thirty

Warning to Motorists

LOOK OUT FOR A COLD SNAP. Remember—we haven't had any really cold weather. Your Storage battery or radiator solution may have withstood the winter weather so far, but will it stand ten or twenty below zero without freezing at a big expense to you?

It's not safe to GUESS at the freezing point of the solution in your radiator. If you will drive in we will gladly make a hydrometer test and tell you exactly the freezing point.

Your battery may operate your lights and start your motor and still have one weak cell that will freeze. Drive in and we will test your battery. We make no charge for these tests.

Service

If you've been laying up your car for winter, just try one month of our centrally located, warm, fireproof storage. You may wonder why you have ever laid up your car.

Lahr Motor Sales Co.

Phone 490

minutes, decreasing the heat after the popovers are well puffed.

Hard Sauce.
Beat one-third of a cup of softened butter to a cream, add one cupful of light brown sugar gradually; when well mixed add two tablespoonfuls of cream, drop by drop, and lastly one teaspoonful of vanilla and a few drops of lemon extract or a grating of lemon rind. Ginger and lemon rind may be used in place of the vanilla and a few tablespoonfuls of creamed dates added to give bulk.

CHIMNEY FOR SANTA CLAUS

At a neighborhood Christmas party or at the church, a "chimney" for Santa Claus to emerge from with his gifts would be rather unusual. For this chimney a big box should be chosen, large enough to hide Santa Claus with his pack of gifts, when kneeling. Cover the box with paper resembling bricks, which can be purchased in any large store. Just

before distributing the gifts Santa Claus can hide in the chimney, then the children are called in and he clambers out to the delight of the youngsters.

FARM BOYS, GIRLS MEETING TODAY

Fargo, Dec. 14.—Farm boys and girls of North Dakota heard talks on farm problems here today as guests of the state agricultural college. They are here for the 11th annual junior extension convention, which will continue through Wednesday, Thursday and Friday. The general session of the institute will open tomorrow.

Another Sleepless Night?

It's been a busy and fretful day. Brain fagged, nerves frayed and body exhausted—conscious that tomorrow is fraught with new trials and tribulations, he realizes the imperative need of a refreshing night's rest. Yet, he hesitates and dreads to go to bed lest he roll and toss throughout the night.

Do you experience the horrors of nightmare and subconscious? Are you troubled with wakeful, restless nights? Do you get up in the morning feeling more tired than when you went to bed, because your rest is so disturbed and broken? Then, try

LYKO

The Great General Tonic

The hour of bedtime will soon lose its terrors and you will begin to seek your couch with pleasant anticipation of a night free from disturbances. "LYKO" will bless you with sweet, sound and peaceful slumber and bring you down to the breakfast table in the morning in good spirits and in fighting trim, keen for the day's activities, rested and refreshed in body and mind, and with an appetite unequalled since you were a boy.

"LYKO" is a splendid general tonic; a reliable appetizer and an excellent stimulant to the nervous system. It relieves brain fatigue and physical exhaustion; builds up the nerves; strengthens the muscles; corrects digestive disorders and rehabilitates generally the weak, irritable and worn-out body. Ask your druggist for a bottle today and get rid of sleepless nights.

WESTERN UNION ASKS COURT TO HALT SECRETARY

Washington, Dec. 14.—The Western Union Telegraph company brought suit in the District of Columbia supreme court for an injunction restraining the secretary of war, state and navy from interfering with the company's connection with new cable lines from Barbadoes, where it connects with a British cable to South America.

The company claims to the court that Secretary Colby has threatened that if an attempt is made to connect with the Barbadoes cable by the use of three cable lines now existing between Key West and Colima, Cuba, the government will take steps which these cables long in use will be torn up by the government's order.

Minn. Has Hearings On Phone Increases

St. Paul, Minn., Dec. 15.—Hearings
on applications for increased rates
by telephone companies operating in
Minnesota will open before the State
Railroad and Warehouse commission
at the capitol building here tomorrow.

The increased rates, approximately
35 per cent over prevailing schedules,
were sought in petitions filed
Dec. 1.

The application of the Northwestern
Telephone company will be given first
consideration, with the case of the
Twin City Telephone company coming
next.

Since original announcement of the
proposed rate increase by the telephone
companies, the state railroad and
warehouse commission has received
many protests against the increase
from cities and country communities
of Minnesota.

According to the commission among
the first protests most prom-

inent were those of the city of Min-
neapolis and the Duluth Retail Mer-
chants' association.

While the telephone companies
cite that the increased cost of ma-
terial and the high cost of labor
makes it necessary that they be
granted a rate higher than that in
force now, according to the commis-
sion, protestors, as a general thing,
that "to give the telephone companies
their opposing contentions on the
ground that 'materials and com-
modities seem to be on the decline'
and recommend that 'agencies' be
materially bettered before permission
for higher rates is granted."

Opponents to the proposed rate in-
crease announced they have organized
their forces sufficiently to carry on
an extensive contest should the situa-
tion demand it.

**Dance at Patterson's Hall,

cluding War Tax. Ladies Free.**

BIG CLEARANCE AT R. C. ROSEN'S

R. C. Rosen, the clothing merchant,
corner Main and Fifth streets, will
put on a mammoth sale of clothing,
beginning Friday, Dec. 17. Mr. Ro-
sen says he is compelled to sell for
two reasons. First, the mild weather
has left him overstocked; second,
the loss on which his store is sit-
uated have been sold which will make
it necessary to move in the spring.
See his ad on another page.

Soldiers to Train at Camp Meade, Maryland

Minneapolis, Minn., Dec. 15.—Men
enlisting in the Army from Minn-
nesota, within a short period, will en-
train for Camp Meade, Maryland in-
stead of Camp Funston, Kansas, ac-
cording to an order received by state
recruiting headquarters here, from
Washington.

The seventh division, to which Minn-
nesota sends her recruits under an al-
location plan of the War Department,
is to be transferred from Kansas to
former demobilization camp of the
first division.

Those enlisting prior to the actual
change, will get two trips, as all re-
cruits will continue to be sent to
Camp Funston until the transfer is
complete. Preparations now are mak-
ing way to complete the moving of
the men.

Altho the order to the local office
did not state the reason for the trans-
fer, it is understood that Camp Fun-
ston, which will benefit by a liberal
appropriation, is to be made a perma-
nent cantonment and that steps
to that end are taking place.

Equity Will Ignore Nonpartisan League

Madison, Wis., Dec. 15.—Plans for
building the Society of Equity as a
national organization to the Nonpar-
tisan League will be considered at its
national convention here Dec. 14 to
17. Arthur Sampson, secretary and
treasurer, has announced.

Wisconsin will control the meeting
with a large majority of the delegates.
Mr. Sampson announced, and added
that it is expected that Minnesota,
Iowa, Montana and Illinois will be
represented.

With the control of the convention
in its hands the Wisconsin representa-
tives, Mr. Sampson said, would pro-
ceed to re-establish the Equity in-
stances on a firm basis and then lay the
groundwork for an extended fight
against the league in Wisconsin and
in other states.

In places where the Nonpartisan
League have absorbed the Equity, he
said, chapters would be withdrawn and
granted to groups of farmers who
are professed opponents of the league.

To Send Out Organizers
A firm stand was taken at the re-
cent convention of the Equity, held
in Milwaukee, against affiliation with
the league. Mr. Sampson said, and
added that in his opinion the na-
tional organization would pursue the
same course.

"If we can get the finances on a
firm footing and see the way clearly
to further expenditure, organizers will
be sent into the field both in Wiscon-
sin and other states to combat the in-
fluence of the league," he declared.
"We will at all times work to or-
ganize the Equity and not any other
organization that might consider af-
filiation."

WHY?

Children are DYING from STAR-
VATION in Europe and Asia. The
Turks, feeling that the Armenians and
Syrian people within the borders of
the Turkish Empire were lukewarm
in their loyalty, thought to, once for
all, rid the land of their presence,
and decided to deport them en masse.
The able-bodied men were killed—
the boys were killed down to 10 years
of age. The women and children were
packed together and driven by brutal
condemners and savage soldiery, out
into the desert of Arabia.

Reports say that in this exodus
there were 2,500,000 women and chil-
dren. I will save you the details—
your imagination is sufficient.
Mothers took the lives of the infants
rather than let them starve to death
in their arms and by the roadside.

The result in general is: that the
men are dead, the women, many of
them in Turkish harems, the children
—800,000 dead—250,000 in the hands
of relief workers and orphanages, or
in bread lines. **DEPENDENT ON
AMERICA.**

Will we let them go the way of
their fathers, mothers, sisters, and
brothers? Surely not!

Only debased peoples or peoples
who do not know of these conditions
could permit that.

There are those who hoped a man-
date would be established and that
the U. S. government would assume
police duty and care for these unfor-
tunate innocent peoples; but we have
not seen fit to take a mandate. This
is likely a wise insight. A mandate
means European police, and might
involve the U. S. later in war.

The result is that What Is NO
BODY'S Business is not done.

The U. S. has recognized that Ar-
menia is a republic, but the recogni-
tion is empty. It is like saying "How
do you do" to a drowning man.

Political machinery moves slowly—
in time things will adjust. At the
same time HUNGER MOVES FAST.
CHILDREN MUST EAT and they
must be CLOTHED—and the BEST
mandate in the world is SYMPATHY
AND UNDERSTANDING AND THE
THINGS THAT GO WITH THESE—
SOMETHING TO EAT AND SOMETHING
TO WEAR!

Remembering that 250,000 of these
cold hungry orphans are depending on
the United States, and that of this
number 1500 are depending on the
good offices of the people of North
Dakota, we have seen fit to ask the
citizens of this splendid state to rise
to this occasion. **OCTOBER 4, WILL
BE RELIEF DAY.** Last year we fed
1000 of these people. This year we
are better able to feed more. Our
harvests are better than last year's—
the war clouds have gone by—our own
boys are home again with us. Ar-
menia is to be happy and contented with
our neighbors die of unavoidable star-
vation?

Some want to bring these orphans
to America and adopt them? This
was done in case of French war or-
phans. But the Armenian boys and
girls are not needed in America.

They are needed to build up their
own lands. Let us adopt them, if we
will, but let them stay in Armenia.
We can feed them there. It can be
done on \$7.00 per month which is
much cheaper than it could be done
here to say nothing of their transpor-
tation, etc.

When the Armenian republic is able
to stand on its own legs and be able
to have the right of other indepen-
dent people then will come the end for
the generation-long Armenian and
Syrian problem. They are a
lucky people and will be well able to
take care of themselves once they are
free from the despoiling hand of the
Turk. I am as eager as you to have
that day come. But they are more
eager than any of us. Those of us
who went through the Great War and
suffered that Humanity might be a
more noble thing we cannot wait till
this present nightmare is wiped away
from our eyes. What do we say?

If you agree don't stand idly by but
lend a hand. Go to your fraternity,
your church, your lodge, grange, your
club—YOURSELF, adopt for the year
one to ten of these orphans. It will
cost you but five dollars per month or
sixty dollars a year to give life to one
of these boys or girls.

Last year not one dollar raised in
North Dakota went for overseas ex-
penses. Every cent you gave went di-
rectly in to the buying of food or
clothes for the suffering people. This
year the same policy is to be pursued.
Your gifts will arrive.

YOU are protected by the SPECIAL
ACT OF CONGRESS August 6, 1919.
H. A. SHUDLER,
State Secretary and Director,
Near East Relief for North Dakota,
13 A. O. F. W. Building,
Fargo, North Dakota.

BUSINESS NOT CHARITY.

Five dollars per month will feed and
save for use in building Europe, and
Asia, a human life. These Christian
children are needed. Their fathers
have been killed. If the children die
the Turks take their place in the land.
Can we afford it? Think it over.
Heaven knows says: "In my opin-
ion, in the Near East is the most
desperate situation in the world."

THE PENALTY OF LEADERSHIP

There has been some agitation regarding the showing of
"Bride 13" at The Eltinge Theatre on which our records
give an approximate attendance of 1,500 people.

We cannot help but feel that this is virtually the penalty
of Leadership because Our Reputation for showing the
best Pictures is thoroughly established and conceded by
everyone. Of this we are Justly Proud.

But when a Theatre becomes a standard by which others
are judged it also becomes a Target.

That it has caused comment, we consider the inevitable
reward and punishment which in every line of Human
Endeavor is given to those who achieve Superiority.

That the confidence of the people whose Loyal Support
has made this record possible may be safe guarded we
have arranged to closely review the coming Episodes of
"BRIDE 13" and if necessary eliminate any scenes which
may be at all questionable.

Committees will be welcome at this private showing and
their suggestions receive our utmost consideration.

Enlistments in Army Show Big Increase

Minneapolis, Minn., Dec. 15.—Grad-
ually increasing each successive
month since last September, enlist-
ments in the Regular Army in
November almost equaled those
of last April, according to figures
of Major R. E. Frith, which
are headquarters for the state.

As Minnesota has been allocated
several units in the Seventh Division,
now at Camp Meade, Maryland,
over 500 of the state's recruits are as-
signed to the 14th Infantry and
Sixty-Ninth Field Artillery units.
They desire a different situation.
The number of men enlisting from
Minnesota from April 1 to Dec. 15
this year is: 1940, 214; 1941, 214;
April 1 to May 1, 1942, 214;
May 1 to June 1, 1942, 214;
June 1 to July 1, 1942, 214;
July 1 to Aug. 1, 1942, 214;
Aug. 1 to Sept. 1, 1942, 214;
Sept. 1 to Oct. 1, 1942, 214;
Oct. 1 to Nov. 1, 1942, 214;
Nov. 1 to Dec. 1, 1942, 214.

The majority of men enlisting
these days, Major Frith said, "so
far as reasons. There is one class
which goes into the Army for service
education, another for travel and ad-
venture, and still another who is a
soldier by profession, enlisting from
time to time."
Only 15 per cent of these applica-
ants take to the educational and trade
classes. The young man of today re-
sists the day of the \$100 a
back and 50¢ a head is something
of the past, and it is a trade with an ed-
ucation is necessary for his progress.
The Major explained that each pro-
spective soldier has his choice among
of endeavor is chosen, six hours a
day is given over to it at the canon-
ment to which he is sent. He masters
his craft and he has a life long pro-
fession before him, the major added.

MARKETS

WHEAT DROPS

Chicago, Dec. 15.—Wheat dropped
quickly in value today as a result of
enlargement of government estimate
of 1920 yield of grain. Opening
quotations which ranged from 1 1/4 to
1 1/2 cents lower was followed by a mod-
erate rally in some cases.

SOUTH ST. PAUL LIVESTOCK

South St. Paul, Dec. 15.—Hog re-
ceipts, 17,500. About 25 cents lower.
Range, \$2.25 to \$2.35.
Bulk, \$2.25 to \$2.35.
Pigs, under eight, very dull. Weak
to 25 cents lower.
Cattle receipts, 5,500. Killers, steady.
Beef steers, \$5.75 to \$7.25, mostly
common grade.
Cows and heifers, \$4.00 to \$5.00.
Light veal calves, 50 cents lower.
Top, \$8.00.
Common and medium, almost un-
saleable. Mostly 25 cents lower.
Sheep receipts, 1,200. Weak to 25
cents lower.
Good native lambs, \$10.25.
Put over, \$4.00 to \$4.25.

CHICAGO LIVESTOCK

Chicago, Dec. 15.—Hog receipts, 30,

000. Mostly 10 cents higher.
Cattle receipts, 9,000. Beef steers,
\$8.00 to \$12.00.
Sheep receipts, 15,000. Dull to
steady.

RIGHT CUT is a short-cut tobacco

IT HAS MADE HER LIFE WORTH LIVING, SHE SAYS

Minneapolis Woman's Life Was Made Miserable for Six Years—Tanlac Ends Troubles

"Tanlac has not only relieved me of troubles which made my life miserable for six years, but has built me up ten pounds in weight besides," said Mrs. Ella Bramora, 501 Hennepin Ave., Minneapolis, Minn.

"For six years I suffered with stomach trouble and I got to where I could hardly eat anything. What little I did eat always fermented and bloated me until I could scarcely breathe. I suffered terribly with heartburn and a heavy feeling in my stomach for hours after each meal, and sometimes at night I just had to walk the floor because I suffered so much nervousness also interfered with my sleep. I also had to be taking something for constipation constantly and finally I got in such a bad condition it looked like I couldn't stay up much longer."

But Tanlac has made a wonderful change in my condition. I have a fine appetite now and I never suffer the least bit with indigestion. My nerves are calm and steady. I sleep like a child every night and, in fact, all my troubles are gone and I always feel just fine. Tanlac has made life worth living for me and I want other sufferers to know about it."

Tanlac is sold in Bismarck by Jos. Breslow, in Driscoll by N. D. and H. Barrette, in Wing by H. P. Hornum, and in Strasburg by Strasburg Drug Co.

White Rice Pon Corn. 1 lb for 11c and 5 lbs. for 50c. Oscar H. Will & Co. Phone 163.

Martinique Enjoys Great Prosperity

Port De France, Martinique, Dec. 15.—Martinique is enjoying what is characterized as an unprecedented era of prosperity in the history of the island. This is attributed to the increase of business resulting from the war in the high price paid in France for Martinique rum.

The foreign commerce of the island increased from 77,000 francs in 1913 to 216,277,755 francs for last year. The figures are expected to be even greater for the coming year.

The farmers in Martinique have given preference to the production of rum rather than sugar since the latter product has been purchased by the government at only one franc per kilo (2.2 pounds). However, the trade in sugar as in has been declared free and it is expected that its production for 1920-21 will reach about 30,000 tons.

During the war Martinique obtained most of its supplies from the United States but purchases there are no longer possible owing to the unfavorable exchange rate on America and also to the resumption of industrial and agricultural activities in France.

Man, commodities, with the exception of flour, exportation of which is forbidden by the French government are now coming from France.

If the present prices of sugar and rum continue Martinique business men see ahead several years of prosperity.

MRS. JACKSON, 91, DIED AT HOME OF SON TODAY

Deceased Was Born in Ireland and Would Have Been 92 Years Old in April

WIDE CIRCLE OF FRIENDS

Mrs. Mary Whitelaw Jackson, aged 91 years, died at 8:15 o'clock this morning at the home of her son, J. P. Jackson, 601 Sixth street. Her death is attributed to old age. The following obituary by the family tells of her eventful life:

Mary Whitelaw Jackson was born in Ireland, Ireland, April 15, 1829. Her grand father Whitelaw was an Episcopal clergyman, and all her relatives were members of that faith. Yet some of her kinsfolk were closely identified with early Methodism. On one side her great grand mother was a cousin and dear friend to the Rev. Adam Clark, and the great grand mother on the other side was a personal friend to John Wesley, who was on several occasions entertained at her home.

Mary was early imbued with profound religious impressions, her mother being a woman of strong character and deep piety. Both these characteristics are very marked in the subject of this sketch.

In 1848 the Whitelaw family removed to Cincinnati and later to Lebanon, Ohio. Here Mary married Christopher Jackson. Of their seven children, three with their father, welcomed her to Paradise this morning.

Mrs. Jackson strongly influenced, all who were acquainted with her. Witty, wise, well read and loving, she was a charming companion. But the eternal things were always of the greatest importance to her. Witty, her piety shone brighter as the years slipped away. In the pangs of great pain, in her last illness, she again and again gave praise to God for His goodness. Once, after a peculiarly severe attack, she recited:

"Great spoil I shall win From death, hell and sin, In the midst of affliction, Shall find Christ within."

Truly, her "conversation was in heaven."

Her children arise, and call her blessed.

Final funeral services and interment will be held in Oxford, Ohio, on Saturday next.

There will be funeral services at her late home this afternoon at 4 o'clock, at 601 6th street, this city.

Her surviving children are: Mr. Hugh Jackson of Fremont, Ohio; Mr. Harry Harris; Miss Harry Jackson and Mr. J. P. Jackson of Bismarck.

MINOT NORMAL WANTS \$500,000 MORE IN BUDGET

Minot, Dec. 15.—The North Dakota state budget board including Senators J. F. Cahill of Leith and Rep. John R. Maddock of Maddock, made an official visit to the Minot Normal Friday and went over the budget prepared for the institution to cover the next two years.

Full cognizance of the cramped and hampered condition of the Normal is taken in this budget which asks for more than \$500,000 to cover pressing needed extensions in several directions.

The new budget asks for the building of the proposed west wing, which is to duplicate the present east wing of the main building, and also the addition of the story over the gymnasium at the north side of the main building which is to provide the much needed assembly room. Plans and specifications for these additions are already on hand.

Tract of Land Bought. Another item of \$25,000 is planned to cover the purchase of the less than two blocks of land lying south of the Normal and between its grounds and Lincoln park, the plan being to provide continuous public grounds between the Normal campus and the park and permit the symmetrical development of both those areas. At present there are only three or four cheap buildings on the intervening land in question.

These are the only large items in the budget. Others, however, provide for needed additions to the faculty and for additional salaries amounting to about 10 per cent for the biennial. Another request is for about \$7,000 to cover the decoration of the walls of the main building rooms, which have been plain since the structure was erected, and to redecorate the walls of the dormitory which are in bad condition in many cases.

TALK CENSORSHIP OF CABLEGRAMS

Washington, Dec. 15.—A tentative agreement that "no censorship shall be imposed upon messages merely passing through relay points" has been reached by the international communication conference, Walter S. Rogers, one of the American commissioners to the conference declared today before the senate committee investigating the

SHE BELIEVES IN BUMPS

FLORA SHEFFIELD

New York, Dec. 15.—Flora Sheffield is one of the best little believers in bumps in these parts.

And, why not? She started out as a winsome little English girl. When in her early teens she had her head felt for bumps—just as a bump.

"You'll win your fortune across the sea," said the "phenologist." "Your father will not live to see you famous."

"Rosh," said Flora. "And she went back to boarding school."

Soon after her father died, and her mother and brother decided to move to America and leave Flora behind in England. This was the first bump!

Later on, however, Flora followed across the sea and joined her brother in a stock company. She turned out an apparent failure. It looked like another bump—so, joined another company.

Gradually she was bumped into leading parts and her acting in "Three Live Ghosts," now playing on Broadway, bumped her up to "electic light" stardom, which will come next year when she is to appear in a play by Zelda Scott.

"Sure, I believe in bumps," says Flora.

Give Music This Christmas

GIVE your family a Columbia Grafonola with Columbia Records for Christmas. Then right at your fireside you will have music by all the famous exclusive Columbia artists and organizations.

The Columbia Grafonola's unvarying fidelity of reproduction is due to its Scientifically Correct Acoustic Design; its Straight Tone Arm, which allows the sound waves to develop fully and naturally; and its exclusive Tone Leaves, which give you complete and accurate control over tone volume.

NAMED BY WILSON

HENRY MORGENTHAU

Washington, Dec. 15.—Henry Morgenthau of New York, former ambassador to Turkey, has been elected by President Wilson to act as the President's personal representative in mediating between the Armenians and the Turkish nationalists.

Mr. Morgenthau conferred with Acting Secretary Davis at the state department today receiving final instructions as to his mission. The department, however, has not heard from the league of nations in response to the President's request for information.

This College has constantly more calls for office help than it can supply. All students who remained to complete its course have been sent to good business and banking positions. In session throughout the year, the student enters at any time. Preparatory department where students may commence with the lowest primary branches. Besides the ordinary Expert Courses in higher accounting, Stenography, and Banking. Send for all particulars.

G. M. LANGUM, Pres. Bismarck, North Dakota.

Do not neglect your coal bins because the weather is mild. Play safe, put in a load or two of Black Diamond Coal, and be ready for the cold weather that is sure to come. Our Black Diamond Coal Makes Warm Friends.

A REAL OPPORTUNITY IN BUSINESS

Backed by twenty-one years of conservative progress in manufacture.

A leading automobile manufacturer—a pioneer whose selling organization is noted for permanence—is in a position to award a dealer franchise in this territory.

This is an unusual opportunity. Representatives of this company seldom change. In accordance with this policy, permanence will be the keynote of the new appointment. The man awarded this franchise will be of sound, conservative character, nevertheless possessing initiative and action.

We invite men of that calibre to write. Previous automotive experience is not essential. Box No. 174 Tribune, Bismarck, N. D.

CHAPTER ELECTS NEW OFFICERS

Bismarck chapter No. 10, Royal Arch Masons, meeting last night, elected the officers as follows:
 High priest—Gilbert Haugen
 King—T. E. McKane
 Scribe—C. A. Bonham
 Treasurer—G. F. Dullam
 Secretary—R. W. Dutton
 The candidates given degree work at the meeting were Henry Halverson and Sherman Wright, of Bismarck, and A. M. Thune, of Sterling.
 A banquet preceded the initiation.

AUSTRIA VOTED IN THE LEAGUE

Geneva, Dec. 15.—Austria was elected a member of the league of nations by the assembly of the league today.

The committee's suggestions were adopted by the assembly and the subject of the white slave traffic was taken up.
 The propositions regarding this traffic are that the countries which adhered to the international convention of 1904 be invited to send delegates to another international conference, also that the council appoint a committee to investigate the deportation of women and children.

LEGION MEMBERS
 Regular meeting Thursday, Dec. 15. Members making canvass on Club Rooms will be called for report.

Society

B. & P. W. CLUB PLANS

At the director's meeting of the Business and Professional Women's club held on Tuesday evening, it was arranged to have a social evening for all members in the club room on next Tuesday. It will be Christmas evening and Dickens' Christmas carol will be sung.

The club has taken in some special Christmas work within the membership, contributions being voluntary. It is hoped that several children may be cheered and comforted at the holiday time by the effort of the club. A committee of eight was appointed to arrange for the work.

Miss Fannie Young, who represents the club at the organization meeting for the free public rest room, made her report to the board of directors. Approving Miss Young's report, the board voted support of the Business and Professional Women's club to the rest room in Masonic Temple.

Tentative programs have been made out by the program committee and copies will be sent each member, covering the balance of the year beginning January 4, 1921.

AFTERNOON TEA FOR GUESTS

A pretty afternoon tea, the second in the series of the hostess for the season, was given by Mrs. Edmond A. Hughes at her pretty new home on Avenue A, in compliment to visiting women in the city: Mrs. Montgomery, Mrs. Woodrough, and Mrs. Kranz. The reception room where Mrs. Hughes and her guests received calls between four and six, was decorated with pale yellow chrysanthemums in dull green jars. The same color scheme was carried out in the dining room where a pretty table was decorated with chrysanthemums. Mrs. W. H. Bodenstab and Mrs. F. H. Shepard presided at the tea table, assisted by Mrs. C. A. Rawlings and Mrs. P. J. Meyer.

Mrs. Hughes was assisted by her mother, Mrs. James Wakeman. About fifty women called during the afternoon to greet the hostess and meet the visiting women here from Omaha, Fargo and Mandan.

MACCABEES ENTERTAIN

On Tuesday night in K. P. hall the Lady Maccabees held election of officers for 1921 as follows: Commander, Mrs. Effie Saylor; Lieut. Com., Mrs. Lola Veir; past com., Mrs. Lucy Davis; chaplain, Mrs. Tina Benser; collector, Mrs. Emma Falconer; record keeper, Mrs. Ella Mathews; lady at arms, Mrs. Alta Hermain, sergeant, Mrs. Viola Polay; sentinel, Mrs. Albert Olson; picket, Mrs. Bessie Thompson.

Following election of officers, cards were played and a delicious lunch was served. One of the tables had the distinction of being laid with a table cloth from Dublin, which was of much interest to the members.

STUDENTS DANCE

The students of the Bismarck Business college will give the second of a series of college dances at the K. C. hall on Friday evening, December 17th. All former students are invited to attend. This event was postponed from last week on account of being unable to secure a hall on the former date.

Arrangements are being made by a committee, Paul F. Knight and A. E. Klemm.

White Rice Pop Corn. 1 lb for 11c and 5 lbs. for 50c. Oscar H. Will & Co. Phone 163.

BILL BRENNAN, KNOCKED OUT BY DEMPSEY SEEKS ANOTHER CHANCE

(Continued from Page 6)

Dempsey met Brennan with a left hook and shot two vicious rights to the head. Dempsey was putting more steam into his blows at this stage and hooked Brennan's face and head. Brennan was bleeding from the mouth when he went to his corner. Dempsey's round.

ROUND FIVE:
After some short arm eysenches and a clinch, Dempsey was cautioned for touching his man lightly on the face in the breakaway. Dempsey dodged from a right hook and sent three hard rights to stomach and ribs forcing Bill into a neutral corner. He hooked his right twice to the center of the ring again drove a hard right into Brennan's midsection. Brennan sent two rights to the body just before the gong rang but it was Dempsey's round. A good margin.

ROUND SIX:
They fiddled for half a minute, tapping each other lightly. Then Dempsey hooked his right to the head and Brennan retaliated with two right body blows. They exchanged hard blows with both hands and Dempsey hooked a stiff left over the head. In the mix-up Dempsey hooked his right to the wind and blocked many attempts by Brennan with short arm uppercuts. Dempsey's round.

ROUND SEVEN:
Dempsey jabbed left to the face and hooked two hard lefts to the body. Dempsey kept jabbing with his left and missed a right hook. Brennan's returns were very light. After some sparring Dempsey drove his right hard to the body, and hooked a short left to the ear. Brennan sent his right to the head but received a stiff punch on the nose from Dempsey's right in return. Dempsey put two rights to the head just before the bell. Dempsey's round.

ROUND EIGHT:
After a few exchanges at close quarters Dempsey let go his left at full length to the body. Then he tried a right cross which grazed Brennan's chin. Brennan hooked left to face and Dempsey hooked left and right to head. Dempsey missed another right cross but came back quickly with right and left to head shaking Brennan up. The going became a bit rougher at this stage with Dempsey having the better of the exchanges. They were fighting in close quarters in Dempsey's corner at the bell Dempsey's round.

ROUND NINE:
After a moment's sparring with Dempsey on the ropes, Brennan crashed his right to the head. Dempsey came back with left and right to head. Then he drove a long right to the stomach. At close quarters, Dempsey sent half a dozen short lefts and rights to the body and kept after his man with provoking left jabs. Dempsey ducked into a short right uppercut but was left and right to the body. Brennan hooked left to the face and two rights to the head. Dempsey shot a short left to the body. They were sparring at the bell. Brennan had a shade in this round.

ROUND TEN:
Dempsey danced around, bleeding left to the head and face, with Brennan turning around in the center of the ring. Brennan missed a left hook and Dempsey dove right to the body. Dempsey sent three short uppercuts to the face and hooked a left to the head while Brennan was holding on his left. At close quarters, Dempsey used short rights effectively to the head and almost dropped Brennan with a right cross to the jaw. Brennan rocked on his feet and Dempsey hooked left to the jaw. Brennan although seemingly in trouble, fought back manfully but was forced to clinch after Dempsey had jabbed him with a short left and right hook to the face. Brennan looked pretty well used up when he went to his corner.

ROUND ELEVEN:
Brennan came out in fairly good shape and they exchanged lefts and rights to the head. One of which cut Dempsey's ear. Brennan missed a right cross and Dempsey hooked his left hard to the head. They exchanged short left uppercuts and Dempsey drove his right to the head. Brennan fell into a clinch to avoid Dempsey's right but Dempsey pushed him off and sent left and right to body. They exchanged lefts and rights to the head, but at close quarters, Dempsey landed three or four short right arm jabs to the body and neck. Dempsey's round.

ROUND TWELVE:
Dempsey bled considerably from the mouth and ear while in his corner. Dempsey led right to head and Brennan landed a similar blow. They exchanged rights to the head and Dempsey jabbed left to face and put a hard right to body. Brennan landed left to face and Dempsey edged right to body. At close quarters, Dempsey shot two hard lefts to the body. Brennan landed a left to the body but Dempsey stepped in with lefts and rights to wind and drove a hard right over the heart and hooked his left to the stomach. Brennan crumpled and almost doubled from the effects of these blows and as he tottered toward the floor Dempsey sent him sprawling on the ropes with a right smash on the head. The blow over the heart had done its work and Brennan, while he cried his utmost to regain his feet, only rolled about on the floor of the ring, while Referee Hackup counted off the ten seconds to Brennan's seconds then jumped in and carried their man to his corner. The champion showed no other outward effect of the battle than a split left ear, which bled profusely. The time of the twelfth round was 1:57.

LEGION MEMBERS.

"RIGGS IS RIGHT"

THE CABLEGRAM

To Dr. James L. Barton, Chairman, Near East Relief,
From a Field Worker.

BARTON 14 BEACON STREET BOSTON MASS.
NEW REDUCTION APPROPRIATION NECESSITATES
TURNING OUT MANY OUR ORPHANS TO STARVE AS
WINTER BEGINS BESIDES THOUSANDS ALREADY
REFUSED. WE CANNOT DO IT

HARRY RIGGS
Harpoot, Armenia

THE LETTER

To the Same from Rabbi Stephen Wise, Free Synagogue,
New York City.

Dear Dr. Barton:
Riggs is right. He can't do it. He can't turn out any more orphans and we must not let him. I beg the privilege of taking care of one of the orphans for the year and of pledging \$100 for its care. I am sure that many, many more would do this if they knew of their little ones. Riggs is right. God bless him.

(Signed) Stephen Wise

\$45 per month provides food, clothes, shelter and school for one orphan.
\$10 per month provides food, clothes and shelter for one orphan.
\$5 per month provides food for one orphan.

Winter will soon be here.
Armenia is a cold country.
The American people have never been cold hearted. North Dakota will do its share.
OCTOBER 1st is RELIEF DAY.
There are 1,500 liddies and youngsters, apportioned to North Dakota, who are waiting, depending on our response.
What Will We Do? What!
Adopt one of these children for the year—\$5.00 per month will feed and keep him from starving.
Remember the lives of these children are in our hands—Your Hands.
WHAT WILL YOU DO?
Life is as dear to them as it is to us!

SUPREME COURT

From Morton County
Kasper Schantz, as Administrator of the Estate of Raphael Schantz, Plaintiff-Appellant.
vs.
Northern Pacific Railway Company, a corporation, Defendant-Respondent.
Appeal from judgment of the District Court of Morton County, N. D. Hon. W. C. Crawford, Judge. (Syllabus.)
(1) In an action for personal injuries, under the Federal Employers' Liability Act, a general verdict was returned in favor of plaintiff for \$7,500. Special interrogatories were submitted to the jury, some of which were answered. The court on motion ordered judgment in favor of defendant, on answers made to special interrogatories. Held, that this was error, there being no inconsistencies between the answers to the special interrogatories and the general verdict.
(2) One of the defenses pleaded was assumption of risk. It is held, in the circumstances of this case, in order to show assumption of risk, it must be established by a preponderance of the evidence, that the servant had knowledge of and appreciated the danger incident to the act in the course of his employment about to be performed, from which the injury resulted.
(3) Where the master orders and commands the servant to do an act involving extraordinary danger, the servant is justified in obeying the command, and, by so doing, does not assume the risk. In such case, the risk is taken by the master.
(4) In this case, it was not necessary to prepare and present a statement of the case, in order for this court to pass upon the assignments of error, as error appears upon the face of the judgment roll. It shows there was no inconsistency between the answers to the special interrogatories and the general verdict.
Opinion of the court by Grace, J. Reversed and remanded, with direction to enter judgment upon general verdict in favor of Plaintiff.
Brennan, J. concurs in result. Birdzell, J., concurs specially. Robinson, J. dissents. Christianson, Ch. J. concurs.
Jacobson & Murray, Mott, N. D., attorneys for appellant.
W. F. Barnett, & Young, Conmy & Young, Fargo, N. Dak., attorneys for Respondent.

From Williams County
E. R. Koptinger, Plaintiff and Respondent.
vs.
Hans Peterson, Defendant and Appellant. (Syllabus.)
This is a replevin suit to recover 140 bushels of wheat. The jury found for the plaintiff, found that he owned the wheat, 155 bushels, and was entitled to the immediate possession of it and that its value was \$325.55. The defendant had a fair trial and the verdict is correct and well sustained by the evidence.
Appeal from the District Court of Williams County; Hon. K. E. Leighton.

BILL BRENNAN, KNOCKED OUT BY DEMPSEY SEEKS ANOTHER CHANCE

Declares He's Not Satisfied That the Champion Is His Superior —Champion "Surprised at Brennan's Showing"

LEAVES FOR THE COAST

New York, Dec. 15.—Bill Brennan, who was knocked out in the twelfth round by Jack Dempsey, heavyweight champion in Madison Square garden, said today he intended to ask for another match.

"I am not satisfied that Dempsey is my superior," he declared. "The challenger, while saying that he had 'undisputed' when the referee notified him to his corner, believing that Brennan had beaten the knockout count in the twelfth. Dempsey said: 'Brennan was tougher than I expected. He stood up longer than I thought he would. His blows didn't hurt me at any time but I found him a hard man to hit properly.'"

Dempsey's manager said the champion was not in the best of condition having trained too hard.

Dempsey expects to leave for the Pacific coast tomorrow to remain until late in February, when he will come back to New York to train for his match with Jess Willard on St. Patrick's day.

The fight by rounds:

ROUND ONE: The men got into the center of the ring. Dempsey landing first, a right chop to the head. They exchanged lefts and rights to the body at close quarters and clinched frequently. Brennan worked left hooks to the head while Dempsey sent right hands to the body, one of which narrowly missed Brennan's chin. Both men worked fast at close quarters and Dempsey scratched Brennan's right eye with a left jab. Dempsey's round by a shade.

Dempsey landed a light right on the neck, Brennan replying with a similar blow in the neck. Then they got into a short-arm mix-up. Dempsey missed a left hook for the head. Brennan hooked left to stomach. Short lefts and rights were exchanged at close quarters and Dempsey sent a half arm left to the body and brought it up to the face with much steam behind it. Dempsey was short with right to the head. Brennan got in two half arm uppercuts over the head. They were in a lively mix-up at the bell. Brennan had a shade in this round.

ROUND THREE: They rushed into a clinch and then exchanged body blows. Both landed short right uppercuts. Dempsey ducked into a right hook which was followed by a left and right to the head. Dempsey then started after his man with left and right hooks, but seemingly did not put much power into the blows. Dempsey showed a slight scratch over his nose. There were a few exchanges with honors fairly even. Dempsey crossed his right hand to the ear, the hardest blow so far in the fight. The champion, whether intentionally or not, missed a couple of right hooks for the head and then brought his left to Brennan's mouth, which was bleeding at the close of the round. Dempsey's round.

ROUND FOUR: They exchanged body blows with both hands and then landed left and right hooks at close quarters. Dempsey hooked a left lead for the face and a short right over the head. There was a good deal of ineffective work at close quarters. Brennan sent his right twice to the head. The champion came back with a stiff left to the face and a short right cross to the ear. Then (Continued on Page Seven)

WRESTLERS WILL MEET ON MONDAY

Mike Collins, welterweight champion wrestler of Milwaukee, who now is making his home in Mandan, will meet Albert Finlayson, of Bismarck, well known amateur wrestler, in a match at Odd Fellows hall Monday night, at 8:30 p. m.

Collins has been alternating between Mandan and Bismarck but he looks on Mandan to furnish his "home crowd" of rooters for the match. Finlayson's friends will be backing him in large numbers, it is expected.

C. W. Brady, of Mandan, will referee. The match will be catch-as-catch-can for two falls out of three.

COAST TRIP PUTS SPOTLIGHT ON THE BUCKEYE SCHOOL

BY DEAN SNYDER

Winning three Western Conference football titles are Ohio State University and the University of California.

But when Coach Jack Wilce drew the assignment to take his gridiron crew to Pasadena as a representative of Eastern football to battle the Golden California Bears on New Year Day he spread the fame of the Buckeye institution across the limitless skies.

The Pacific coast tour, which will cover a period of three weeks, is the biggest thing that ever happened to the school.

Route Card

And when it is over the Ohio delegation of athletes will have traveled a total of nearly 6,000 miles. The route will take them over a half dozen different railroads. Most of them will have eaten their first California and New Year dinners in California.

The return trip will be made by way of the Grand Canyon with a stopover for sight-seeing.

That's a great jaunt, but the trip is

only a small part of the glory that will have been centered in the Ohio school.

School's Vision
The university is all set to build a magnificent athletic stadium. President W. O. Thompson has just announced that 90 acres of land have been secured by the school for athletic purposes. The Oentangy river is to be dredged and remodeled so as to permit inland rowing races.

Winning athletic teams have given the school a bigger vision than it ever had before.

Credit Wilce
Much of the credit for Ohio's athletic enterprise is due to Coach Wilce—the man who has built the super-football machines.

Wilce is a very quiet fellow. He is the thinking and not the talking-kind. He is not going West over-confident. "We'll play our best football—win or lose."

That is the only prediction he is making as to the outcome of the inter-sectional battle.

No Super-Players
His team is not made up of super-

Manager Tris Speaker drove out fifty two-baggers, one more than Sisler and eight ahead of Joe Jackson, who was third in the list of two-base sluggers.

Joe Gedeon of the Browns was credited with forty-eight sacrifices as was also Owen Bush of Detroit. McInnis of Boston was third with forty-five.

Tris Speaker with ninety-seven bases on balls and Harry Hooper with eighty-eight were nearest to Ruth in being awarded free passage to first base.

Immigration Threatens Safety of Americans

Berlin, Dec. 15.—Emigration to the United States from central Europe has reached a stage where it threatens to dump into America nearly 1,000,000 of the "most undesirable peoples of Europe," says an official of the American State Department who has been watching the recent exodus with much concern.

The emigrants are principally from Russia and Poland and large numbers of them, who are very poor, have been directly assisted with money and advice from America, the correspondent was told. Consular offices are swamped with their applications for passports and steamship accommodations are inadequate to carry all who have permits to sail.

"There is virtually no check on this movement, which beyond any question must soon be a most serious problem in America," the correspondent was informed. "An effort has been made to keep out the so-called 'reds,' but that, too, is futile for it is impossible to investigate the applicants carefully enough to exclude undesirable."

"The only thing that can be done, it seems to me, is a new emigration law sharply curtailing this business of dumping the down-and-outs of Europe upon our shores. And that, too, is going to be a difficult thing for there will always be the possibility of discrimination against classes that would make valuable citizens."

Immigration should be stopped entirely for a few years, say five, we might wake up to the situation in America and seek a way out of the trouble.

The government agents have been doing their best to meet the emergency with the machinery of the law, but that is plainly inadequate. About all that can be done is to send department of justice agents to New York and warn the grafters and the more radical promoters of this immigration that they must not resort to illegal means. Some of them who were reaping rich rewards out of the passport business—pretending to secure proper papers for sums paid in advance—have been frightened off, but there are others still at work.

"One of these grafters moved to Berlin and probably is doing a thriving business. Nothing can be done about it. He is within the law as far as we are concerned. He may go out and collect any amount of fees for assisting immigrants to secure passports and whether he succeeds in getting the papers, which cannot be held up if the applicant meets requirements, or not he can keep the money. The Applicant won't squeal."

However, such men are only part

First Woman Juror For North Dakota

Williston, Dec. 15.—Mrs. Elizabeth M. Champion, an employe of the county auditor's office, served as a juror on a civil case in Williston at the district court session this week and so far as can be learned she was the first woman in North Dakota to sit on a jury.

When the civil action of J. C. Ryans vs. C. E. Barker, which the plaintiff was suing to collect a note, the court found a shortage of jurors and Judge Frank E. Fisk, presiding, ordered Sheriff MacKenroth to draft the first four voters he could find. One of them was Mrs. Champion.

While the case amount involved was small, the jury remained out 11 hours when they reported a disagreement. Mrs. Champion found the experience interesting altho the 11-hour session was a little tiresome, she said.

LEGION MEMBERS

Regular meeting Thursday, Dec. 15. Members making canvass on Club Rooms will be called for report.

Bigness Necessary for Service

IN some farm operations, in many manufacturing lines, and, more particularly, in refining and distribution of petroleum products, large scale operations are essential to insure maximum economy and service.

The production of crude oil varies but little on account of seasonal changes, and the refining processes are continuous operations.

The consumption of petroleum products, however, varies widely with the season. In summer, consumption far outstrips production; while during the winter months the reverse is true.

To prepare himself for the summer rush, the oil refiner, who is ambitious to render a maximum service, must operate his refineries at full capacity throughout the year, and must provide adequate storage to take care of his surplus output during the winter months, and store it against a day of maximum demand when the country roads and city boulevards are crowded with machines, and the farmer has his tractor in the field.

To perform this service requires the investment of huge sums of money, and the maintenance of a complete organization at all times.

The Standard Oil Company (Indiana) is ambitious to be a leader in the petroleum industry. It is ambitious to render to the people of the Middle West as near a perfect service as care, thought, and adequate resources can devise.

In carrying on its business, the Company has invested more than 185 million dollars; it operates four large refineries in which it manufactures the many varieties of petroleum products needed by the consuming public.

It operates 3215 bulk stations, more than 1000 filling stations, and a fleet of nearly 4000 tank delivery trucks.

Its permanent organization consists of about 23,000 efficient, loyal men and women, working under one head, to render a service which makes it possible for you to get a gallon of gasoline, or a quart of oil, or a pound of grease, when you want it, and wherever you may be.

Standard Oil Company (Indiana)
